## Take Preventive Measures against Influenza

Influenza is a common infectious disease caused by influenza virus. The virus goes around from Dec. to Mar. every year. It is highly infectious and the number of people who are infected with that virus will rise rapidly if it goes around. The routes of transmission are generally through droplets and contacts and they are the same as novel coronavirus. Take measures to prevent infectious diseases.

### Preventive measures

- Wash your hands with soap and water.
  - Disinfecting your hands with alcohol is effective as well.
- Follow the below "cough etiquette".
  - ◇Face away from others and cover your mouth and nose with tissue.
- Keep your distance from others.
  - ◇Refrain from going out to crowded places.
  - ◇Wear a mask.
- Get enough rest and eat a balanced diet.

\*Pregnant women, infants, seniors and those who have chronic diseases are at higher risk of serious influenza and complications related to influenza. Taking an Influenza vaccination is effective before it is going around. When you take a vaccine, please consult with a doctor.

### If you are suspected of being infected with Influenza, ...

If you are suspected of being infected with Influenza, there is possibility of novel coronavirus infection. Therefore please call and consult with your family doctor or 'Chikushi Health and Welfare Environment Office (COVID-19 Consultation Call Center).

## Norovirus Prevention Information

Please protect yourself from Norovirus.

### Preventive measures

- Wash and disinfect your hands well and frequently.
- Make sure the food is fully heated.

## Prevention of Novel Coronavirus Infection

We ask for your continuous cooperation

Please take actions to protect yourself from novel coronavirus infection

Each of us needs to have a responsibility for our actions and practice preventive measures thoroughly to protect our health and lives.

**Avoid the "Three Cs" (Closed spaces, Crowded places, Close-contact settings)**

◇Avoid crowded places and times.

◇Keep adequate distance from others.

◇Avoid crowded places and close-contact settings even staying outside.

◇Refrain from using restaurants, etc. that do not have thorough infection prevention measures in place, or that have not responded to requests to close or shorten business hours.

◇When using restaurants, please do in small groups and refrain from eating for long periods of time. Avoid crowded places and times.

◇Use takeout and/or delivery.

**Practice basic preventive measures against infection**

◇Follow "cough etiquette", Wear a mask

◇Wash and disinfect your hands frequently and thoroughly.

◇If you have symptoms like fever and/or cold, please stay at home and take a rest.
